AOMEI OneKey Recovery

Say "NO" to Data Loss

AOMEI OneKey Recovery Introduction

AOMEI OneKey Recovery is an easy-to-use software designed for system backup and restore. It offers onekey backup and restore functions which can suitable for the needs of most common users. AOMEI OneKey Recovery can create a factory recover partition which can be used to restore your computer to the initial state when the AOMEI OneKey Recovery image was made. by pressing "F11" (default) or "A" key during computer startup.

Main Functions:

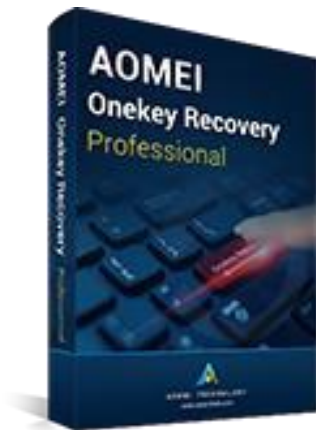

- Onekey System Backup: backup your system to a factory recovery partition or other location.
- Onekey System Recovery: use factory image to restore your computer.
- Alternative system backup and restore software if your computer factory restore program is damaged.
